FREMONT AND FREE SPEECH .- Danenhower, the end of the Fillmore electoral ticket in this State, ed editor of the Native Citizen at Chicago, says e Springfield (Ills.) From the Albany Atlas and Argus. Fremont in California,

The weakness of Fremont in California, the State from which he has borrowed his fame, must be a painful subject of contemplation to his supporters here. It is significant. California, like Georgia and Carolina, the scenes of his youth, and Missouri, the home of his later years, rejects him almost unanimously. It knows him; it has tried him; it has pure gold.

When a candidate for re-election, he received on the 140th and last ballot only nine votes, viz: Of the senate-Adams, now out of the State; De La Guerra, now democrat; Foster, do.; Lippincott, do. Of the house-Carnes, now out of the State; Covarubus, no democrat; Hoff, do ; Abel Stearnes, still a supporter of Fremont; Pico, do.

Out of seven of his then supporters in the State two alone now remain faithful to him!

What strength Fremont has he draws from the know-nothings. The Marysville Herald abandons Fillmore because he has no chance, and goes for Frement. The Fremont clubs are composed of knownothings. The Sacramento State Journal of August 27, in speaking of the black-republican State convention then in session in that city, says : "We have taken pains to ascertain the antece-

dents of the men who compose this black republican convention, so far as their political views have been concerned.
